MoDIFIED MILK LABORATORY.—On the first of January a modified milk laboratory was opened at 201 East Frankin Street. This laboratory is for the purpose of modifying cows milk to suit the needs of the sick and bottle babies of Richmond. Alimik sent from the Modified Milk Laboratory is prepared on a percentage basis, given by the physician. Milk is also stellized or pasteurized, as directed by the physician. Food will be delivered daily. This work will cover a great whant in this city, as in every town and city nundreds of poorly nourlised bables are dying for want of the proper food. Of late years reliable milk laboratories, have been established in a great many of the principal cities of the country, and in every instance have been found a boon to suffering childhood. Some of the greatest advantages in this method of preparing food for infants is the accuracy of the composition, and its proper sterilization or pasteurization before delivery. All physicians are invited to call at the Modified Milk Laboratory on any day from 9 A. M. to 5 P. M. The public is cord ally invited to inspect the laboratory will, at the physician's request, visit each shaby once in two weeks to see just how the milk agrees or disagrees with the baby. This will enable cach child to be furnished with the exact percentage fats, sugar, proteids, etc. that each particular laby needs. with the haby. This will enable cach child to be furnished with the exact percentage fats, sugar, proteids, etc., that each particular haby needs, in addition to the modification of milk, the laboratory is prepared to furnish broths gruels, jeliles, etc., for invalids. Surgical and obstetrical dressings can also be obtained from the labortery.
